DUBAI

An unforgettable adventure

DUBAI AUTODROME

Dubai:

One of the seven emirates of the United Arab Emirates (UAE), Dubai has emerged as one of the world's leading business and tourism destinations in the recent years.

Dubai is a thriving modern metropolis, known for its amazing modern architecture (the highest building in the world, Burj Khalifa), cosmopolitan culture, scintillating gold souks (markets), vibrant nightlife, as well as its traditional cultural heritage and the desert.

There are plenty of things to see and do in Dubai including city sightseeing, shopping, golfing, wadi bashing, sand boarding, boating and many more exciting activities!

24H DUBAI 2012

Where else in the world do you have drivers from 39 different countries, teams from over 21 different countries and a starting grid with around 90 cars? Where else in the world would you have the opportunity to watch NASCAR drivers square up against DTM and Carrera Cup champions and WTCC stars? Where else in the world you can see a Clio take it up against exclusive sport cars like Porsches and Ferraris? Which race is the season's first and stands on the calendar of every race team? Exactly: The Dunlop 24H of Dubai! The event has become a favourite endurance race over the past six years and is ready for the seventh edition.

In 2011 there was a full start grid with drivers from all over the world. Cars like Renault, Porsche, Audi, BMW, Opel, Seat, Volkswagen, Aston Martin, Lamborghini, Mercedes-Benz, Ferrari and Donkervoort appeared on the starting grid.

We hope to that every team's calendar starts with the Dunlop 24H of Dubai and welcome them to our 7th edition on 12-13-14 January 2012!

NEW • NEW • NEW • NEW

Get ready for a brand new Creventic race, but already a famous, well-known and respected endurance race for most of us. This year Creventic is proud to announce the cooperation with The RACC and circuit the Catalunya for the 24H Barcelona at the well-known F1 circuit de Catalunya near Barcelona on 23, 24 and 25 September 2011.

The circuit has hosted the 24H of Barcelona already over 10 years. There were years with a field of more than 75 cars up to 2000 CC who are battling for the win! Together with the circuit organisation RACC we picked up the challenge. With classes similar to the 24H of Dubai and the 12H of Hungary. We are able to fit this traditionally 24H race into the 24H Series.

Barcelona, Mediterranean capital, Located on the Mediterranean coast, Barcelona adds its rich artistic and cultural heritage to the dynamism of a modern city, with sophisticated shops and high quality restaurants. The mild temperature throughout the year is ideal to take a walk around the city and to enjoy the 4.5 kilometres of beaches, The Gothic quarter, The wonderful buildings by Gaudi are, on the other hand, evidence of the strong modernist movement in the late 19th century. Not for nothing the city treasures nine buildings which have been declared World Heritage. The Catalan capital has an intense agenda full of festivals, exhibitions and concerts. The city has become a gastronomic destination, with 17 stars in the Michelin Guide, as well as a shopping destination, on its five kilometres long Barcelona Shopping Line.
